Comments:	This application has now been increased in size indicating that the intetion is to site an ever expanding traveller dite at this location. The travellers have wilfully ignored previous rejections of their applications for this site causing damage to the trees in the kanes whilst moving their buildings onto the site. This surely proves they will not be law abiding citizens willing to respect the council and the law. Having looked at the size of the site and the fencing erected it is clearly their intention to do whatever they want on this site regardless of the council, planning and without respecting the locale.

Kind regards
