Reasons for comment:	
Comments:	So many reasons ... the impact of 700+ more cars using the local roads, the A227 is already a highly used route between the motorways. The building of the Lower Thames Crossing is already going to create huge traffic implications in the area. Schools don't have the capacity for another 1000 children. Medical facilities aren't sustainable. The land is desperately needed for agriculture and farming - Kent must provide England's desperately needed crops to feed our growing population.

Kind regards
