Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We object to this proposed development firstly because the number of buildings and potential occupants is far too many for the site. We believe it should be used as a one building location. Also access to the site is not suitable for Caravans and this would be particularly relevant when vehicles are leaving the site into a narrow fast moving road. Multiple vehicles would cause many problems We have also had a poor history of travellers in this area where they have left rubbish and detritus behind after departing.. Multiple vehicles would cause problems and be a potential cause of accidents in an area where there are visual problems for relatively fast moving traffic

Kind regards
