Dear Katherine

**20220536 - Telecommunications Mast, Swillers Lane, Shorne,  
Gravesend Kent**

Thank you for your mail dated 7<sup>th</sup> April 2022 with regard to the above application. I am going to have to refuse this application for the following reason.

Public Rights of Way NS156 lies in the vicinity of the site and may be affected by the application and I therefore enclose a copy of the Public Rights of Way network map showing the definitive line of this path for your information. Unfortunately, there is no precise detail of positioning so I would ask for the applicant to meet me on site to discuss this.

It is important to advise the applicants that a public right of way must not be stopped up, diverted, obstructed or the surface disturbed and there must be no encroachment on the current width, at any time now or in future. This includes any building materials or waste generated during any of the construction phases. Please note that no furniture or fixtures may be erected on or across Public Rights of Way without the express consent of the Highways Authority.

Yours sincerely

**John Pelham**
