Tried and tested across the UK, our modern concrete tile range is available in 6 colours to provide a vast selection that won't let you down!

Anthracite

Experiencing the vast variety of textures and colours that our roof tiles provide up close can guide you in the decision-making process when selecting roof coverings. Our efficient sample service can help you in this process.

Have you also considered the [Edgemere interlocking slate](#) range? With an 18mm thin leading edge, Edgemere provides an affordable upgrade to standard interlocking tiles.

All of our concrete interlocking tiles can achieve an 'A+' rating (which has the lowest environmental impact) in the Building Research Establishment's Green Guide to Specification.

Accreditation to the BES 6001 framework standard for 'Responsible Sourcing' means that projects using our concrete interlocking slates can now achieve extra credits under BREEAM and the Home Quality Mark (HQM).

To ensure that your roof is compliant with the new standard, our [fixing specification](#) service is available.

This sleek, modern interlocking tile has a flat, smooth, single-lap interlocking design with a slate-like appearance enhanced by a broken bond laying pattern.
