Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	The proposed property would be very welcome in the area for the following reasons: As we have an aging population, properties with single level living space are greatly needed. The property proposed is modest in size and fits in with the surrounding existing properties. Gravesend have a shortage of proposed housing over the next 5 years particularly of this type of modest bungalows. The proposed property is ideally situated close to Sole Street Railway station with links to Kent and London. An older population may not use cars therefore good transport links are important. The Parish Council have previously supported close neighbouring properties who have recently split their gardens to allow another property to be built eg Manor Road.
