Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I live in Meopham It is my belief that this development would be detrimental to the village inhabitants and wildlife. This proposed development would directly merge 2 separate villages, Sole Street and Meopham, as it is land that is directly in between these 2 individual areas. Green Belt / Grey belt land must prevent urban sprawl and the direct merging of villages. This development would absolutely cause both urban sprawl and merging! The massive increase in people would hugely impact the roads, pollution, wildlife and all current amenities. The A227 is already a very busy route. There is also already frequent flooding in the village. There are many other planning applications within Meopham and they must all be considered together as the level of new building and homes will massively impact the whole nature of the village.

Kind regards
