Reasons for comment:	
Comments:	I This was green belt land until the questionable re designation to grey but it has been used for agricultural purposes for several years. This proposed development will 1. nerge the villages of Sole Street and Meophadeatroying the individual nature of both villages. This is urban sprawl . 2. Increase the demand on local schools 3.increase the demand on local G P services 4.increase traffic on surrounding roads some of which are narrow and unsuitable for increased traffic 5. Lead to Loss of natural habitat for wildlife 6. Detrimntally impact on the peace and quiet of the area causing unacceptable noise and traffic pollution 7. Is not necessary to conply with the government programme for home building in Gravesham It is impirtant to preserve the existing nature of the local area which is a little haven for the residents.

Kind regards
