Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the proposal to build 725 dwellings at this Site for the following reasons existing farmland, and area of natural beauty and habitats for wild life. The A227 would not have the capability to take the traffic created by so many additional houses. Traffic on this road has already risen exponentially in the past 10 years, adding to the pollution particularly around the school. Traffic often backs up at school times. The roads are already prone to flooding and the fields act as natural much needed drainage. Public transport is not available and the need for this many houses in a village will change the character of that village for ever. There is no evidence that the need for this volume of housing is required in a semi rural area with few local amenities.

Kind regards
