Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the application The site is too large and will engulf and change the character of the local area for ever. The existing infrastructure from public transport to roads cannot support such a large expansion. The a227 already struggles with traffic especially at rush hour increasing pollution. The site is on previous existing h farmland and should remain so supporting the local fauna and flora and act as a natural water trap for an area which is prone to flooding. No consideration has been given to current residents or assessment of the local need. especially as there is a lack of facilities and public transport

Kind regards
