Address:	[REDACTED] St John's Road Gravesend

Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments:	Please can you confirm if there has been an amendment to this application as there are 2 velux windows that have been installed in the front roof elevation and I cannot see these on the submitted drawings. The application also states that there will be no disruption to parking however the vehicles are taking up at least three spaces and this is a small road where parking is difficult most times. When I received the first letter the work was well underway (the whole roof was being removed at that time) so I'm not sure they have waited for any comments to be made (good or bad) - a neighbour has said that the rear extension had been built by the time the letters were sent! Whilst there has been scaffolding at the property the builders have not always been considerate of the mess and disruption they have been causing- most of the cars have looked like they have been through a sand storm!
-----------	--

Kind regards
