Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	I'm expressing my support for this initiative. Upon reviewing the plans, the notion of replacing the two current houses with these seems like a commendable idea due to their superior location. The designs surpassing some of the recent extensions or new builds that the council has approved in the vicinity of this site. If approval is granted, I advocate for the demolition and removal of the existing houses on the site, assuming this would be a stipulation accompanying any granted permission. Once these plans receive approval, especially considering my proximity to the area, it would be prudent to impose conditions to regulate construction noise during the process.
