Reasons for comment:	
Comments:	We strongly support the establishment of a new mosque in Gravesend. The local Muslim community is thriving and contributes significantly to the local economy. Many like myself and my family are business owners, taxpayers, and active participants in the community. However, the current mosques are overcrowded, forcing worshippers to pray on the streets or wait in cars. A new mosque would allow the community to practice their faith freely and without feeling marginalized. It would also reduce traffic congestion and provide a central location for worship, benefiting the entire community.

Kind regards
