## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I strongly object to this application. The junction onto the main Wrotham Road from Heron Hill is not suitable for more vehicles. There has already been a serious vehicle and bus crash just past this junction. More cars on an already over used road could result in more damage to the road. When there is an incident on the Wrotham Road the surrounding lanes cannot cope with the extra diverted traffic which often includes large vans and HGVs. There is not sufficient parking at Culverstone primary school or places for more children. The doctors surgery is already very busy with long wait times for appointments. A car would be essential for the new home owners as we are no where near a train station with Meopham and Borough Green stations miles away. There is a poor bus service in this area.
