Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This is prime agricultural land that should not be screened as it would feed many persons. A multitude of insects live there and support this being agricultural land that would be disturbed if screened. These insects in turn feed an abundance of wildlife that balances the surrounding ecosystem. The natural habitat would be lost for such wildlife and insects.

Kind regards
