Subject: Willow Tree Farm, Meopham GR 20211118

Hi Amanda,

We have noted the above application for 7 net new dwellings as it is on a site of more than 0.5ha (0.64 ha) and therefore applicable for contributions. We would advise this has been brought to the attention of the County Service providers so they can assess for any implications upon County services.

We will advise as soon as possible, and would be grateful if you can keep us informed of progress upon the application to ensure any County requirements are included.

Many thanks
