Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to the proposed planning application: - Traffic - it is reckless & irresponsible to add to the already busy South Street roadway with an additional (at least) 150 to 200 vehicles from the proposed development. There have already been 2 very serious traffic accidents in this location causing serious injury and 1 fatality. Police already use traffic calming means by positioning mobile speed camera vans along this location. There would be additional unwanted traffic noise, pollution & congestion. This proposed development would destroy the natural beauty of the village and surrounding rural fields & farmland - when at the same time there are numerous Brown Field sites that could be utilised. It is fundamentally wrong to take Green Belt land for housing development. The village is unable to accommodate an additional 100 new homes & occupants. There is not the infrastructure or services to accommodate hundreds of extra people (schools, doctors etc). This is a small peaceful village location, it should not be destroyed and turned into a typical Outer London Estate. Meopham / Culverstone Green is a village location, has always been a village location and should remain a village location. it is irresponsible to consider this site for development, and this proposal must be withdrawn.
