Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The development of this area will decimate wildlife, biodiversity and vital woodland.</p> <p>This area protects surrounding areas against flooding and is vital with the affects of climate change.</p> <p>The homes are not in keeping with the local area and will cause light pollution.</p> <p>The A227 is gridlocked on most days. Additional traffic will put other motorists and pedestrians at risk. The road is already used as a rat run by HGV's travelling through and residents are already constantly affected by roadworks and closures, the result of which affects all surrounding areas.</p> <p>The infrastructure is not suitable for the development. There are insufficient schools, GP's and public transport.</p>

Kind regards
