Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object. Consideration must be given to the impact on wildlife and the ancient woodland.</p> <p>The fact the A227 is already at capacity and unable to cope with more traffic. Motorists and pedestrians will be at significantly higher risk.</p> <p>There is no adequate transport system to cope with additional residents.</p> <p>The station is more than 3 miles away which will encourage homeowners to travel by car.</p> <p>The density of the homes is not in keeping with the area and conflicts with the current local plans.</p> <p>The infrastructure is not adequate for the proposed number of homes. There are no school places. The Medical Centre will not cope with additional patients.</p> <p>Flooding is already an issue in the area. This area is a vital natural soak away protecting homes in the Culverstone bowl.</p>
