| Comments: | <p>Please reconsider planning application with reference to the following::</p> <ol style="list-style-type: none"><li>1 Regulations re the proliferation of fast food outlets to promote healthier communities and the proximity to schools within 400 -800 m of a school. There are numerous schools within this area and this outlet will encourage hoards of children to visit during free periods. The NPPF explicitly mentions the control of fast food outlets within areas where there are schools. The government wants to decrease obesity by 2030 .. this fast food is not sending the correct messages to children ... we already have 2 of these outlets in Gravesend.</li><li>2. GBC are actively addressing the increase of litter within the town ... as a Street champion I have seen the effect of fast food outlets and the increase of litter within the area.</li><li>3 Traffic generation and emissions from idling cars... increasing the risk of respiratory disease due to these emissions. As well as traffic congestion Wrotham road serves as a main rd to the schools and the motorway.</li><li>4. The impact in woodlands park ... this outlet will increase the problem of anti social social behaviour in woodlands park. There is already some increase in antisocial behaviour in the park.</li><li>5 impact on social infrastructure ... the surrounding neighbourhood is not in favour of this development The homes within the area will be negatively impacted by a fast food outlet such as McDonslds.</li></ol> |
