Reasons for comment:

Comments:	As a resident in this area for the last 30 years it greatly saddens & worries me that our village is becoming a town. This started to happen quite slowly and perhaps not so noticeable but you can certainly see the negative impact it is now having on both humans and animals. The main negative points are shown below. I wish I could add positive comments too but I don't believe there are any! - the impact these proposals are having on the wildlife, their natural habitats will be destroyed - Meopham and the surrounding areas already struggle so badly with the amount of traffic and this is not only at busy times such as the school runs - parking at the Parade is virtually impossible and due to this a hotspot for potential accidents - all local infrastructure & services already run at their capacity (for e.g. the schools and GP Practice) - the suggested access I do not believe has been thought through and the impact could prove very dangerous (for e.g. how will Ambulances cope) - what about the existing drains, sewage etc. can this really cope with all the additional homes? I think not. - the dreadful impact of the additional pollution
-----------	--

Kind regards
