Reasons for comment:	
Comments:	Gravesend already has two Mcdonalds in close proximity, a third is not needed or wanted by residents. The McDonalds in town requires security in the evening and attracts large crowds that intimidate members of public as well as cause ASB and litter. Add to this the number of delivery riders on bikes clogging the pavements and riding dangerously an extra one is a recipe for disaster. To place a McDonalds next to a children's park and in close proximity of several schools is alarming as it encourages young children to live an unhealthy lifestyle. Already Wrotham Road can not cope with the volume of traffic that's passed through, this McDonalds will not only add an increase in cars but large Lorrie's making regular deliveries, again next to a park with young children running around. We DO NOT need anymore congestion in the area! If you want to regenerate the area why not use the site to build a cafe for the park or for independent businesses. Lastly the decline in air quality that will be caused by an increase in the volume of traffic and idle engines running due to congestion will have irreparable damage to children all for the sake of yet another McDonalds. For once Gravesham do the right thing and show you care about your residents.

Kind regards
