Reasons for comment:	
Comments:	This application does not give appropriate consideration to the impact of flood risk, drainage, water supply issues, strain on public services (public transport, traffic levels, hospital capacity), pollution, loss of essential fertile farm land, loss of greenbelt or protected species. I strongly ask that the council follow the local plan guidelines, making sure there is infrastructure first, that brownfield is prioritised, that the special character of the areas are not harmed and gradient of land is taken into account.

Kind regards
