Complaint details: I live at [REDACTED] Wrotham Road [REDACTED] I am extremely concerned at the news we are to have 100 houses built on the field opposite our Property. Any access from the new site must be at least 100 yards from our property. We already have problems in leaving our property due to two Telegraph Poles which are outside the front of our property and also the failure of the adjacent local council in cutting back growth on the road side.
