Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	White Post Lane is not an appropriate location for a travellers site. Many mature trees were cut down to get the mobiles homes on the site. White Post lane is a narrow lane with few passing places and the flat bed transporters used to transport these mobile homes have completely closed the lane each time they have delivered a mobile home. The lane has always been used by walkers, cyclist and horse riders but it now feels unsafe to do these things as large commercial vehicles are travelling, often at speed, up and down the lane. The work carried out on this site has severely damaged the natural environment, and impacted on wildlife. There has been no respect for the environment, the local community or indeed the law. This application should be rejected.

Kind regards
