Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This is green belt land which is in place to preserve land from being built upon, to protect wildlife, to stop urban sprawl and to retain local community as a hamlet (not village!) The access lanes are narrow increased traffic will be dangerous for walkers horse riders and vehicle drivers There is a recently authorised adjacent traveller site which houses several mobile homes with attached facilities . This was the result of a government level appeal decision. Bringing in mobile homes prior to this decision caused a huge amount of destruction to White Post Lane and Norwood Lane and distress to the existing local community . This decision has provided sufficient traveller accommodation for Sole Street. Large mobile homes fencing and hard standing has already been installed illegally at this site on what appears to be in anticipation of retrospective planning permission being granted which locals find inappropriate and insulting I am an OAP and I am frightened, if the community already agreed and fearful of this community expanding.

Kind regards
