Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The infrastructure in the area does not meet the needs of the current residents let alone additional housing. There are very few bus routes and those that exist are at least an hour apart and do not run in the evening forcing ever more people into cars and onto the roads. The country roads were not built for the amount traffic that is currently using them let alone even more with traffic which comes to a complete standstill at school times and when there is one (often two or three) set of temporary traffic lights or diversions. Doctors appointments are booked three weeks in advance due to limited availability. I know more housing is needed but this really is not the right area for this amount of housing.

Kind regards
