Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This development would adversely affect a green belt site with grade 2 agricultural land and several woodland copses. It has not been identified as a site suitable for development by GBC. * There would be urban sprawl * The countryside-flora , fauna , air quality etc would be impacted * The character of the local villages would be destroyed. All of this is in contravention of green belt aims. The local infrastructure- NHS, roads, train service ,flood defences etc cannot cope with an influx of population. There are many more suitable sites for development within Gravesham including brown field sites in Gravesend town itself
