Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	With Climate change its time to give back to nature this application is on the boarder of outstanding natural beauty and will decimate wildlife as we have ground nesting birds and ground feeders for owls raptors bats etc. Also food security is key and with the way the world is going we need our farm land not houses. Traffic will not cope and with the new crossing coming the A227 can't cope. I also understand that this plot does not meet the correct criteria Greenbelt rules broken joining up villages. Local facilities cannot cope the doctors have stated they cannot take any more as with DVH & schools. Southern water have commented not viable I understand. I came to Meopham [REDACTED] years ago to be nearer the country side as I have anxiety issues I don't want to be living in the middle of a great big housing estate as there are so many sites earmarked for building in Meopham its madness. We must stop urban sprawl. And we must use all brownsites first which there are plenty. So I strongly object to this application at Camer rd/Norwood Lane.
