Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Proposed site doesn't meet the accepted definition of grey belt and is currently green belt with significant wildlife and woodland. The proposed planning will increase the light pollution and ruin natural habitats, flight paths and natural hunting grounds Urban sprawl will connect sole street & hook green which should be prevented to protect towns and villages. Current infrastructure cannot accommodate excessive impacts on local amenities which already at capacity. Flood mitigation, the current land captures water reducing flooding. Removing this will cause major issues on Norwood lane.

Kind regards
