Reasons for comment:	
Comments:	Given the unstable state of the world good quality food producing farmland should not be built on. Especially as there are many "brownfield and derelict sites" within Gravesham that could be developed before ruining fertile land. 725 dwellings would significantly raise the population of Meopham probably by as much as 2500 persons. This is far more than the community can cope with in a short time. I believe the developer has proposed the closure of Norwood Lane at the A227 end. That may suit the developer but would inconvenience many hundreds of people and must not be allowed to happen

Kind regards
