Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object to this planning application for 150 houses.</p> <p>It would encourage urban sprawl.</p> <p>It would be a strain on the overstretched GPs which are already at capacity.</p> <p>One hospital for all the overdevelopments which already cannot cope.</p> <p>Cause damage to the environment.</p> <p>Wrotham Road and Norwood Lane already floods and concreting over fields will only increase this as rainwater cannot be absorbed and there is insufficient drainage.</p> <p>Dangerous access for high volumes of traffic onto small country lane.</p> <p>High volumes of traffic accessing onto A227 which is used as cut through from M20 and A2 by cars and HGVs. Also other proposed developments and the lower Thames crossing and lorry park will also have a dangerous impact on the A227 with dangerous volumes of traffic speeding past several schools and local shops making it dangerous for children and locals crossing roads and walking along narrow pavements.</p> <p>Will cause air, noise and light pollution.</p> <p>There's insufficient bus services and safe cycle routes making the need for extra car usage.</p> <p>Building on farmland which contributes to food production</p>

Kind regards
