Email:	[REDACTED]
Address:	[REDACTED] Culverstone Valley, Kent

## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Culverstone infrastructure is not equipped for more houses / cars. The road is already used as a go through from traffic from A2 to M20. We have had major accidents between bus and farm equipment already and this will only get worse if we have years of building with big lorries. If Wrotham road is ever shut the surrounding roads would be badly blocked as proven when Wrotham Road was recently closed with water work repair and when we had the sink hole in meopham a few years ago. The whole of meopham/Culverstone has increased traffic and safety does not appear to be a concern of the council. Culverstone would not benefit at all from these new houses - our grown children will not be able to afford them and stay in the area as has been proven countless times when new building happens in the area.

Kind regards
