Reasons for comment:	
Comments:	We absolutely need an Environmental Impact Assessment for the potential 470 new dwellings. The sites are both green spaces and there will be an impact on wildlife, not to mention the increase in pollution from at least 470 new vehicles (most likely double that figure) using roads that are already very busy during peak hours, and often at a standstill due to the frequency of temporary traffic lights on the A227 in Meopham.

Kind regards
