Reasons for comment:

Comments:	People have had enough... look what your cultural diversity have done to the town.. people are sick of the crime rate the foreigners hanging around parks and town drinking outside and perving and assaulting people, no one feels safe in their own home country anymore let alone town, half of these we pay for at least only more coming yet our debts and bills rise? How's that fair? Wait for reform you're all the same money grabbing liars, you do this they'll be riots in telling you like France you'll have civil unrest and civil war and it'll be your fault never see any police patrols and when call they're always busy it seems, yet we have over 8million a day to spend on people who don't contribute and make things worse? That without any lousy foreign aid and deals selling off islands fucking us. Ps, we're not racist it's called having enough being proud to be British and bringing it back in people power again remember YOU work for US. And we'll make sure you remember that, also we have a heavy Sikh hindu polish population etc locally and nationally we have no problem with legal rights and legal immigration it's the illegal and ones we pay for don't acclimatise or put back or work and seems it's the same ones and types always causing the same problems and trouble and again all close to a school roads will be a nightmare (bad enough with the way you've fucked the one way system in the town centre as it is now). So I'd kindly say stick it to the proposal and how about some real affordable housing and not apartments of box flats for the likes of someone like me who's paid all my bills since 16 myself and yet can't save the whole system needs changing including mortgages how if you can rent somewhere more expensive yet they need all this money and proof for something less.. makes zero sense
