Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The village is not equipped for this huge amount of houses being built, the traffic in and around the road is gridlocked most mornings and evenings due to the 2 schools quite close , the local schools are over subscribed and existing local children not getting Primary allocation, there is in most primary schools with in a 10 mile radius , no additional primary places for children moving into area and this amount of additional housing being built without additional primary school being built and additional GP facilities is unacceptable. Meopham village cannot take this amount of additional housing without significant additional infrastructure put in place and seriously needs to be considered the amount of houses planned .

Kind regards
