Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Please ignore my earlier objection as wording didn't make it very clear...I support the screening and object to the building of more houses on these sites. There are no facilities for more residents in Meopham. The schools and doctors are already full. There will be a huge impact on the environment not only wildlife but the pollution of 500-1000 cars will cause not to mention the roads can't cope with the traffic there already is and once the lower Thames crossing is built the traffic will increase 10 fold!!!... one of the purposed sites is next to a school for autistic children who will suffer greatly living with the noise and chaos of a building site right next door. We live in Meopham as we choose to live in a village not a town. I have lived here for 40 years.

Kind regards
