Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The planned application to build on two fields will have a devastating impact on the wildlife, conservation and environment. Meopham is village and needs to remain a village for all generations, rather than being over developed and destroyed like has been done in many other communities and villages. Farmers should be supported to produce alternative crops or other uses for their land rather than being compulsory purchased by developers, councils and the government. Meopham also doesn't have the infrastructure to support more houses.

Kind regards
