Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	These spaces are vital for local people. These rural or semi rural fields should be left untouched providing walking routes and support mental help of local residents as well as a simple support for cleaning the air from pollution. Local villages cant cope with constant increase of population and local schools and gp's already has a massive waiting lists without added number of residents. There is enough derelict sites in towns to be developed for additional housing therefore developers shouldn't be allowed to build in fields just because its easier and bigger profit margins! Roads already packed with cars with not enough parking for school runs or shopping at the Meopham parade. This will just create more traffic, blocked up roads, danger for cyclists and walkers as well as local kids walking to school. Open spaces vital for mental health too, providing needed tranquility and calm surroundings.

Kind regards
