Letter to Planning-

Rebecca Harrison

I am writing in reply to your letter 19.8.26. I don't do E-Mail. I did ring your office on 26.8.26 and spoke to Richard Hart, who told me you were on a 2 week leave. He advised me to phone you back on the 11th Sept. and put my comments in writing.

Re - ST. THOMAS'S Almshouses

Old Road west, Crawend

Although we knew since October 2025, that plans to close the hall, and convert into 2 Flats - it was still a shock to receive your letter.

The first Line is wrong - It is not only 'STAFF Facility Area' - It is 'OUR HALL!' which groups of us still use regularly -

1 Keep Fit Classes + coffee

2 Bingo - twice a week

3 Knit + NaHAr

4 Quizes

5 Family Parties

On 4th November, I took -
my views to [REDACTED] but there
were no answers then!

(I still have my copy)

There has been no
mention of a alternative building
being made available for
us to use.

We have requested meetings
to discuss everything, but
that never happened.

I have lived here for
13 years, and love my flat + the
friends I have made.

But - all the changes we
have seen happen these past
few years, have been unsettling,
and I worry for my future.

Thank you for listening.

yours Paul Frey,

Although I don't drive myself, I do rely on visits from my family, shopping etc.

Extra Flats will mean, maybe, more cars, and parking difficulties.

Many people also rely on cavers, who all have to park.

Parking outside is restricted.

Together with workmen etc, it can get very full!
