Reasons for comment:	
Comments:	All the while there are available brownfield sites locally in Gravesend there should be no questions of using prime Greenbelt farm land. The doctors surgery has too many patients already and no capacity for any more, ditto schools. The A227 is very poorly maintained and has far too much heavy traffic already making entering it at certain times of the day (school drop off and pick up and rush hours) virtually impossible. We have lived with this threat for years and it has had a severe detrimental affect of our health and mental well being. We are local and have lived here all our lives. We need green spaces for our health, wellbeing and not least of all for our food. Develope the brownfield sites and other run down areas within the town thus making it a nicer place for both residents and visitors and leave the green belt farmland alone.

Kind regards
