Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My concern is about infrastructure in Meopham -when new housing developments are proposed, it's essential to assess whether local services like schools, hospitals, GP surgeries, and transport networks can handle the increased demand. With additional 400 houses being built I do not think Meopham can handle such pressure. Addition to this is the pollution this will caused from the works and the increase of traffic this will create. A serious health risk is a major concern here especially with the primary school being close by to the proposed development. It's utterly disgraceful even thinking building a development like this near the school

Kind regards
