Reasons for comment:	
Comments:	Local services and infrastructure are not equipped to deal with the increase of housing proposed. Meopham is a rural area and we chose to live here (moved out from the suburbs of London) so our children can walk past a field on the way to school (Meopham Community Academy). My husband's health (cough) has dramatically improved since moving to Meopham and I am scared that if this building goes ahead, the increase of congestion on the A227 (which already often has temporary traffic lights somewhere along it) will adversely effect his health and that of our children.

Kind regards
