Reasons for comment:

Comments:

[REDACTED] The Wrotham Road running through meopham first thing in the morning, at afternoon school pick up and at evening time rush hour can not cope with the amount of traffic as it is. It was made worse when the LA upped the amount of places at the secondary school. The congestion spreads out into the surrounding countryside roads which causes havoc. That along with the amount of roadworks gridlock the area. There isn't enough school places already and the doctors surgery cannot cope with the amount of people on its books. There isn't enough public transport. Meopham simply doesn't have the infrastructure to cope with that amount of new houses

Kind regards
