## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I totally object to this outline planning application for the reasons below.</p> <p>Gravesham Borough Council should stick to their word and build on brown field sites rather than green field.</p> <p>Building 100 new homes would mean over 200 additional cars on the A227 which already has heavy volumes of traffic. Not to mention the additional visitors and trades vehicles that would also be accessing the site.</p> <p>The exit/entrance onto the A227 would be dangerous.</p> <p>The public footpaths along the A227 are unsuitable for people to walk to the nearest shops, schools and other facilities, with the two nearest train stations not being within walking distance. The bus service is unreliable and not fit for purpose. This would mean further additional traffic on Wrotham Road.</p> <p>This development would severely threaten local wildlife both during its construction and completion.</p> <p>The loss of green space would ruin the character of the village and, with other developments in the village being proposed, create an urban sprawl.</p> <p>There is not sufficient infrastructure in place to support a growth in the population of the village.</p>
