Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support the need for an environmental assessment as there will be a fundamental impact on all local environment including plants, animals and people include the many young children who live and study nearby who will be impacted by the several hundred new homes proposed in this green belt land. No one should be able to proceed without this being carried out

Kind regards
