Reasons for comment:

Comments:	I object for numerous reasons - Illegal tree cutting has been going on. This is unacceptable and should only have been allowed if this proposal was greenlit. - Inappropriate development of a green belt area with caravans, buildings, hard landscaping. This is open countryside. The rules are this is only allowed for special circumstance which has NOT been met - for example The site on heron hill is hardly used. Those who are already fencing off and cutting down the trees have ample space to live on the site up heron hill. This is against Development Plan and national planning policy - The proposal is in conflict with planning policies both local and national AND completely opposed by all neighbours in the vicinity. The harm vastly outweighs any benefit.
