Comments:	It is my belief that these buildings at the rear of the property are being used as a church or place of worship. This is a small residential area and parking is somewhat limited now. this would become impossible on certain days of the week when it is in use. Also the noise levels would rise for the locals, as I am sure that there will be services on Sunday. Also this means that it would become a business, and would devalue the owned properties around it. I know that Gravesham has still some rented properties in Cornwell Avenue, surely this would devalue your own housing stock. I have a feeling that this will not sit with buyers to the area.

Kind regards
