Reasons for comment:

Comments:	The first we heard of the plans was via someone who lives in Marconi Road. We haven't been consulted in any way. Our house backs onto the small wildlife area, that is surrounded by tree. Are these and the wildlife and birds who live in that area just to be disregarded. I was amazed that any comments have to be online, my old Nokia phone and I suspect many of our neighbours, who may have also if heard nothing of these plans, have not access to the internet. Indeed, my sister is having to send my comments on her phone. I feel sidelined and not treated at all respectfully by the school. We also do not know what the plans mean for noise, bright lights and disruption. As already stated we have not been informed or consulted at all. This complete disregard is both upsetting, worrying and annoying in equal measures.
