Reasons for comment:

Comments:	<p>Objections to the Proposed Housing Development (Land adjacent to Longfield Road)</p> <p>The surrounding road network is already limited, with only one route heading north to the A2, one route south to the M26, and a single road providing access west toward Dartford. All of these roads are already under pressure and would face significantly increased congestion as a result of the development. Additional traffic will accelerate wear and tear, leading to higher maintenance and repair costs for the council.</p> <p>The eastern route through Cobham would also experience heavier traffic, further burdening a village already struggling with increased vehicle flow. Existing school-related traffic already creates congestion twice daily, and this would be worsened by additional households.</p> <p>Local infrastructure is insufficient to support the increase in population. With only one primary school and one secondary school serving the area, there is no realistic capacity to absorb the additional children the development would bring.</p> <p>The centre of Meopham is another concern: the limited shopfront parking already creates a bottleneck at a junction that frequently experiences congestion. Any further increase in traffic will worsen this pinch point.</p> <p>Finally, bus services would be negatively impacted. Slower-moving traffic and</p>
